

The Department of Homeland Security (DHS) Office of the Chief Procurement Officer (OCPO) and Office of the Chief Information Officer would like to thank the 114 Offerors that participated in the Flexible Agile Support for the Homeland (FLASH) procurement. FLASH was an innovative and unique procurement conducted under the auspices of the OCPO Procurement Innovative Lab (PIL). This innovative approach allowed the Offerors an opportunity to demonstrate their Agile expertise in a Technical Challenge Exercise as well as provide streamlined staffing, past performance and pricing information. This highly competitive best value award resulted in the selection of thirteen (13) awardees. The FLASH Contract is for a one (1) year base ordering period with an option for an additional two (2) one (1) year ordering periods. FLASH is estimated to have a maximum contract value of \$1.54 billion over the three (3) year period of performance. FLASH is one of several initiatives that enable DHS to implement solutions using advanced technologies and techniques.

DHS greatly appreciates each Offeror for participating in this small business set aside procurement and encourages Offeror's to look for future FLASH opportunities. The FLASH procurement has on-ramping to manage the recertification process and maintain a sufficient number of contract awardees and may offer future opportunities for those Offerors not previously selected.

Congratulations to the following small businesses that were selected under this unique, best value procurement for award:

Ad Hoc, LLC 934 Clintwood Drive, Silver Spring, MD 20902 - Contract HSHQDC-17-D-FL012
